The Chair's Corner!

The Council sends warm regards for a new and exciting school year. Our role as advocates for programs is as important now as it has ever been. We look forward to helping DE CTE succeed at every level!

Thank you,

Dr. Karen Hutchison

From the

Director's Desk!

I hope this newsletter finds you well rested and ready for the start of a new school year. This year will be once again another unique opportunity to serve our CTE students as best that we can. CTE teachers are the very best teachers that I know of to welcome students back to school with rigorous and relevant fun activities that are sure to engage any student! This is not to take away from the other amazing teachers in every school, it is just that I am a little biased. This summer DACCTE submitted our annual report to all stakeholders as required yearly by statute and had a booth at the DE State Fair! We have also been very busy planning our return to conduct program visits in person and look forward to visiting as many CTE programs as we can this school year.

Thank you,
Chris Stahl

Fall 2021 Updates

This summer we have been working on a revamp to the questionnaire that many of you are used to seeing from our office pertaining to a program visit. The old questionnaire has gone through some revisions and will be used moving forward through an electronic survey platform. This is being done to streamline the process of receiving feedback and to make the entire process more efficient. Through the electronic survey platform, I hope to save you time and effort in your classrooms where I know you are valued and much needed.

A test of the electronic survey platform completed by a sample of educators has shown to be around 10-12 minutes to complete the survey. This time can vary; however, I believe that it will prove beneficial to our programs and save you time. This year there are schools being added to the program visit rotations. The middle schools, charter, and tech schools will be phased in beginning this year. We look forward to working with all programs to benefit CTE students in our State and seeing the great opportunities provided. Please look to our website for the school program visit rotations for this year.

**Upcoming Council Meetings
