The Chair's Corner!

The Council would like to welcome you all to a new school year! Delaware CTE is strong because of you! Keep up the great work this year and remember we are here to assist you in any way possible.

Dr. Karen Hutchison

From the

Director's Desk!

I hope this newsletter finds you well rested and ready for a new school year. This past school year DACCTE visited 39 different schools and we look forward to visiting 38 different schools this year! By the end of this academic year, DACCTE will have visited 77 programs. That's right, we have been fortunate to visit and are preparing to visit so many great CTE programs. We have seen the amazing opportunities that your programs are offering students, and we are here to support you. While performing a school visit, we are very appreciative of your openness to share your thoughts, successes, and struggles with us. We are here to advocate to the policymakers on your behalf. If there is any way we can assist you, please don't hesitate to reach out to us.

Thank you,
Chris Stahl

Fall 2022 Updates

This year we will be hosting for the first time since 2019 the DACCTE Statewide PD nights. We have scheduled one in November and one in April of this school year. The November PD night will be on PDMS for any educator to receive 2 clock hours recorded in DEEDS and will include an update from the Department of Education, CTE funding information, and Program Advocacy. I highly encourage all new educators, as well as experienced educators to attend this informational workshop. You will also be able to request 509 funding sheets for your program that night.

The PD night is an opportunity to strengthen knowledge and transparency throughout CTE and to gather with others in our profession. **See you there November 16, 2022, at the DE State Troopers Association Hall!**

The DACCTE website is a valuable resource for CTE educators. On the website you will find our school visit schedule, Council meetings information, Annual Report, and a myriad of other CTE information and links to DOE CTE resources. While on the DACCTE website, please review the Annual Report for FY22. The report outlines a summary of recommendations for CTE.
