State Funding Basics
and
Highlights!

Distribution of State Funds

- The Delaware unit system for funding schools is based on Title 14, Chapter 17 of Delaware Code.
- Local Education Agencies (LEA's) receive funds based on September 30 enrollment and occupational-vocational unit (CTE) allotment.
- Delaware Code requires that appropriations for the support, maintenance, and operation of Delaware schools fall under three (3) divisions.

Divisions of Funding

- Division 1- appropriations designated for the purpose of paying salaries.
- Division 2- appropriations for all other school costs and energy, except those for debt service and the transportation of students.
- Division 3- appropriations for educational advancements.

Division 1

- Comprehensive/Charter Schools- 27,000 pupil minutes per week is equal to 1 occupational-vocational unit (CTE). (Teacher units)
- Technical School Districts- Every 30 students enrolled is equal to 1 occupational-vocational unit (CTE). (Teacher units)
- Student enrollment and unit computation is determined and based on the September 30 Unit Count.

Division 2

- Funds determined by providing a sum for each unit of students.
- Funding Level 1, Level 2, and Level 3. Levels determined by preset criteria.
- Level 1 requires minimal fiscal resources.
- Level 2 requires moderate fiscal resources.
- Level 3 requires intensive fiscal resources.
- Funds are used to purchase textbooks, furniture, other classroom equipment, as well as consumable materials and supplies needed to maintain the CTE Program of Study.

Division 2 (continued)

- 90% of Division 2 funds, except for energy funds, must be allocated to the school that generates these funds and expended to support the state approved CTE Programs of Study at that school.
- Schools may request a waiver to the 90% with approval from DACCTE, Secretary of Education, and the Controller General. Requests are due to the Secretary of Education by Nov. 16 of each year.

Division 3

- Any school district that provides funds for local taxation for current operating expenses in excess of the basic state appropriation is eligible for Division 3 equalization state funds on a matching basis via Delaware Code. Charter school districts are also eligible.
- Funds supplement funds appropriated under Division 1 and 2 for the purpose of advancing education beyond the level authorized through the basic appropriation.
