Advisory Meeting
2024**

What is CTE?

Career Technical Education (CTE) provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers and to become lifelong learners.

CTE prepares these learners for the world of work by introducing them to workplace competencies, and makes academic content accessible to students by providing it in a hands-on context.

The purpose of the advisory committee is to support educators, students and businesses in developing, establishing and evaluating CTE programs to ensure students are well prepared for the world of work.

We want your feedback on what we are doing with our CTE programs to better prepare students for the industry. As well as gain a better understanding of what is happening within the industry to better prepare our students.

Importance of CTE Advisory

Example High School

1,234

Students Enrollment

2,482

Students Enrollment

in CTE classes

(includes duplicated students taking multiple pathways)

>70%

2022 Graduates with at least
1 CTE pathway completed

Example High School CTE Programs

- Each student in Delaware must graduate with a pathway completed
- 14 CTE pathways offered at Example HS
 - Each pathway has 3 sequential levels
- In 2022- 2023 School Year:
 - 13 CTE Teachers (1 addition since last year)
 - 1 new pathway added (Patient Care)

Introduction of CTE Pathways Offered

School of Agriscience

Sample High School:

Teachers Names

Pathways Offered:

- Animal Science and Management
- Plant Systems
- Agricultural Structures & Engineering

School of Business

Sample High School:

Teachers Names

Pathways Offered:

- Academy of Finance

School of Hospitality

Sample High School:

Teachers Names

Pathways Offered:

- Hospitality and Tourism

School of Health Science

Sample High School:

Teachers Names

Pathways Offered:

- Allied Health
- Patient Care

School of STEM

Sample High School:

Teachers Names

Pathways Offered:

- Computer Science
- Engineering (PLTW)

School of Education

**EDUCATORS
