Evaluation Cycle- Fall

School Year- 2025-2026

School Surveyed/Visited- Selbyville Middle School

School District- Indian River

Members of the Delaware Advisory Council on Career and Technical Education are given the responsibility, by State Law, to monitor and evaluate career and technical education programs in Delaware. The purpose of program monitoring is to bring about program improvement for our CTE students. During monitoring visits, a DACCTE staff and Council member are joined by a CTE Education Associate from DOE when possible. The team visits schools to gather information on career and technical education programs so that constructive program improvement recommendations can be formulated and communicated to those who implement the programs.

School monitoring visits typically take place between September and June on a two-year rotation of schools. DACCTE members, as advocates for career and technical education, approach each monitoring visit with an open mind. Our role is to provide an unbiased perspective to help educators. Specifically, Council members use a monitoring questionnaire provided by Council staff as an interview guide when talking with school personnel. After conducting all the interviews, DACCTE Staff analyze all questionnaires and information gathered during the visit. After analysis of all available data, recommendations for program improvement are formulated and communicated to the appropriate agencies, organizations, and individuals. The results of the Selbyville MS CTE program visit are as follows:

- 3 teachers were interviewed, and 1 survey was completed. 4 unduplicated contacts.

Survey/Interview Question	Data shows this area is being met	Data shows this area needs more focus	Data is inconclusive	Notes
Survey/Interview Question	✓	✓	✓	
Pathways have sequenced courses	✓			
Pathways are approved through DOE	✓			Business, PLTW, Ag
English, Math, Science, Social Studies Integration into CTE coursework	✓			Academic areas are incorporated into lesson plans.
Facilities	✓			
Instructional Supplies and Materials	✓			
Instructional Equipment and Technical Support	✓			
Advisory Committee in place and supporting CTE programs		✓		Working on developing Advisory Committee.
CTSO available and participating in Local, State, Regional, and National Level	✓			TSA, BPA, FFA
Pathways prepare students for high school	✓			
Career Pathway Selection Process	✓			Guidance led
Programs receive Federal/State funding (Perkins/509)	✓			Programs are receiving funding.
Budget Availability/Development	✓			Teachers aware of processes
3 Year Budget/Long Term Planning	✓			
Demographics of classroom represent demographics of school	✓			

Conclusions

Teachers are enthusiastic and very supportive of their students and programs. They report that the programs are following Course Pathways/Program of Studies, Career and Technical Student Organizations are available, funding is available from all sources, facilities are excellent, supplies are available, demographics of the classroom represent the demographics of the school, and teachers are reflective of individual program strengths, weaknesses, and needs for improvement. Mr. Macrides (Principal) is supportive of all CTE programs. I would like to commend the school for having excellent participation in CTSO opportunities at the local, state and national levels.

Recommendations

- Perkins/509 Funding- All teachers are receiving funding. Continue the open transparent process described by teachers of sharing funding procedures, discussing processes, funding levels, etc.
- Advisory Committees- Form advisory committees to assist with pathways. Not only is this beneficial to pathway success and stakeholder involvement, but it is also a requirement of CTE programs.

Educational programs visit by Mrs. Rozell and Council Member Mrs. Fox.

Respectfully Submitted,

Caitlin Rozell
