Evaluation Cycle- Spring

School Year- 2025-2026

School Surveyed/Visited- Cape Henlopen High School

School District- Cape Henlopen

Members of the Delaware Advisory Council on Career and Technical Education are given the responsibility, by State Law, to monitor and evaluate career and technical education programs in Delaware. The purpose of program monitoring is to bring about program improvement for our CTE students. During monitoring visits, a DACCTE staff and Council member are joined by a CTE Education Associate from DOE when possible. The team visits schools to gather information on career and technical education programs so that constructive program improvement recommendations can be formulated and communicated to those who implement the programs.

School monitoring visits typically take place between September and June on a two-year rotation of schools. DACCTE members, as advocates for career and technical education, approach each monitoring visit with an open mind. Our role is to provide an unbiased perspective to help educators. Specifically, Council members use a monitoring questionnaire provided by Council staff as an interview guide when talking with school personnel. After conducting all the interviews, DACCTE Staff analyze all questionnaires and information gathered during the visit. After analysis of all available data, recommendations for program improvement are formulated and communicated to the appropriate agencies, organizations, and individuals. The results of the Cape Henlopen HS CTE program visit are as follows:

- 10 teachers were interviewed, and 11 surveys were completed. 12 unduplicated contacts.

<b>Survey/Interview Question</b>	<b>Data shows this area is being met</b>	<b>Data shows this area needs more focus</b>	<b>Data is inconclusive</b>	<b>Notes</b>
	✓	✓	✓	
Pathways have sequenced courses	✓			
Pathways are approved through DOE	✓

Career Pathway Selection Process	✓			Guidance Led
WBL Plans/Documents on file between schools/employers	✓			School Based Coordinator
Programs receive Federal/State funding (Perkins/509)	✓			All programs receive funding.
Budget Availability/Development	✓			Budget process known and funding totals known.
3 Year Budget/Long Term Planning	✓			Plans in place.
Demographics of classroom represent demographics of school	✓			

## Conclusions

Teachers are enthusiastic and very supportive of their students and programs. They report that the programs are following Course Pathways/Program of Studies, Career and Technical Student Organizations are available, Advisory Committees are in place and beneficial to programs, demographics of the classroom represent the demographics of the school, and teachers are reflective of individual program strengths, weaknesses, and needs for improvement. Mrs. Degregory (Principal), Mr. Coulter (Assistant Principal) and Dr. Young (Supervisor of Secondary Education) are very supportive of all CTE programs. The school has a dedicated WBL Coordinator to assist students and staff with all WBL processes. This support has proven to be a successful approach for Cape Henlopen High School to generate opportunities not only for the students but the community as well.

## Recommendations

- Advisory Committee- Several Program Advisory Committee's need an update to processes, procedures, attendance, etc. Please review the status of all Advisory Committee's and update accordingly. These committees are valuable resources to the programs they serve.

Educational programs visit by Mr. Stahl and Mrs. Rozell.

Respectfully Submitted,

Christopher B. Stahl

Executive Director

Delaware Advisory Council on

Career and Technical Education
